## PARENTS NIGHT DRAWS BIG CROWD.

The annual observance of Parents' Night by the Hondo Parent-Teacher Association last night in the school auditorium, brought out a crowd of several hundred fathers, mothers and visitors. A program and open house were the features of the evening.

Mrs. Earl Starnes, president of the P. T. A., welcomed the guests, after which the program numbers were announced by Mrs. Bill Scott. The opening number was a presentation of the Vandenberg School Rhythm Band, under direction of Miss Adele Decker, teacher. Then followed several dance routines given by the Sis Merritt dancing class. Miss Richards, teacher in Hondo High School, convulsed her listeners with clever interpretations of an eight-year-old boy preparing to go to school in the morning, and of several young would-be cloutionists. Henry Windrow and Prof. J. G. Barry addressed the audience briefly, the former putting in a timely plea for the Red Cross, and the latter extending the hospitality of the school to those visitors who wished to remain for open house.

After the program the teachers and room mothers of the respective grades welcomed the visitors in each room. Registrations were made and the two rooms to receive the most callers will be awarded a handsome framed picture. The results will be determined today.

The rooms were in spic and span order, and in each were exhibited examples of the students' work. Of especial interest were the Vocational Agriculture room and the Home Economics department, both of which were new to the majority of the visitors.

As a P. T. A. meeting the affair was well camouflaged and was successful in its intent of bringing together parents, teachers and patrons of the school.

ST. PAUL'S LUTHERAN CHURCH.

"Giving thanks always" is an expression frequently found in Scriptures, if not in these words, at least the sentiment thereof is indicated. There is no such thing as one particular day set aside on which the Christian renders enough thanks to last for a period of time. Every day of a Christian's life is one of thanksgiving to God who is the Giver of "good and perfect gifts", and whose mercies are new each day.

It is not foreign to us, therefore, if the Nation determines once more to set aside the last Thursday of November as a day for showing our thanks for national blessings. When we see the unrest in the world about us, we have additional reasons for being grateful for many blessings we enjoy as American citizens. We shall therefore, assemble in God's house on Thursday, November 28, at 9:30 A. M. for an hour of devotion in honor of our Lord, who is rich unto all who call upon Him. Come and bring your offerings of thanksgiving to Him.

Services Sunday, Nov. 24, German at 10:15; Sunday school and Bible Classes meet at 9:00 A. M. English service at night 7:00 P. M. Sunday, Dec. 1, English service at 10:30 A. M. The attention of the Sunday school is called to the fact that rehearsal for the Christmas program has already begun and all pupils are urged to be present each Sunday and on time. Part of the time is used for practice.

NOTICE TO TAXPAYERS.

If you wish to take advantage of the half payment plan you must pay the first half of your 1935 taxes before November 30th, then the last half may be paid not later than June 30, 1936, otherwise the entire taxes must be paid by January 31, 1936, to avoid penalty and interest.

In connection with the half payment plan, the Poll Taxes are payable in full with the first half of your property taxes. And, may I remind you that the Poll Tax Receipt must be applied for in person, by telephone, or by a Power of Attorney authorizing someone to pay same for you; or the husband may pay for wife, son and daughter, or vice versa.

Under the new law all persons over 60 years of age, or becoming 21 years of age after January 1, 1936, desiring to vote, are required to obtain an Exemption Poll Tax Certificate, and this Certificate can be obtained from the Collector without cost if applied for in the same manner as above stated for Poll Tax Receipt.

Respectfully,

L. E. HEATH,

Assessor and Collector.

TO HAVE CHURCH FESTIVAL.

St. Mary's Parish of LaCoste will have a church festival Sunday, Nov. 24, at St. Mary's School in LaCoste, starting at 1:00 P. M. Their invitation to attend will be found elsewhere in this paper. Beginning at 4:00 P. M. one of those far-famed chicken and sausage suppers will be served. In addition to other entertainment features, the O. M. G. Alumni Club will present "Laugh Clown", a comedy drama in 3 acts. The curtain rises at 8:00 P. M. in St. Mary's Hall. The public is cordially invited.

## DID YOU EVER STOP TO THINK

By Edson R. Waite,  
Shawnee, Oklahoma.

In many cities you can find men endowed with wealth who never seem to take any interest in their home city and do nothing to assist in its upbuilding.

These same men spend much valuable time on selfish ideas, living for themselves alone.

Nothing seems to make them realize that no city can prosper without the friendly and hearty cooperation of all.

Their attitude makes the work of the real citizens exceedingly hard.

In spite of these handicaps, many good things are being accomplished every day.

A whole lot of clams in every city never open their shells to look around. If they did, many things would look better to them and they couldn't help liking the home city.

IT'S ALWAYS EASIER TO WORK FOR SOMETHING YOU LIKE. IF YOU KNOW YOUR OWN CITY YOU WILL LIKE IT AND WILL LIKE TO WORK FOR IT.

Do something yourself; don't try to ride on the other fellow's gasoline.

## Tom Gilliam Loses Leg In Hunting Accident

### Mistaken for Deer Is Shot Through Both Legs.

Tom Gilliam, son of Mr. and Mrs. C. W. Gilliam of Hondo, and for the past several years a business man of Pearsall, lost his left leg in a hunting accident late last Sunday afternoon.

The unfortunate man and his father were hunting deer on the latter's ranch near Leakey. They had separated and gone to different parts of the range. The elder Gilliam was stalking a deer as it fed in a maize field, but it crept into some low cedars at the edge of the field. Following up, he saw what he took to be the deer in the brush and thinking no other living creature was near, he fired on what he took to be the lower part of the animal's body. The ball from a 30-30 crashed through the young man's left leg,

shattering the bone just above the knee, and lodged in his right leg.

The injured limbs were bound up as well as possible and the man rushed to the Medina Hospital in Hondo, after first aid had been administered by Dr. Springfield of LaCoste who fortunately met the party in Leakey.

Arriving in Hondo, he was attended by both local physicians and Dr. James Nixon was called from San Antonio. Owing to loss of blood and shock a blood transfusion was performed at once and on Monday afternoon the left limb was amputated.

At last report from the hospital he was progressing as favorably as could be expected towards recovery.

The unfortunate man and his family, and especially the anguished mother, have the sympathy of all.

## WEDNESDAY NIGHT BRIDGE CLUB.

Mr. and Mrs. Earl Starnes were hosts to the Wednesday Night Bridge Club on November 20th, in their home which was adorned with pot plants and poinsettias. High score prizes were won by Mrs. H. J. Meyer and Dr. O. B. Taylor.

Refreshments of chicken sandwiches, pimiento cheese sandwich, coffee and hot chocolate were served.

The guests were Dr. and Mrs. O. B. Taylor, Dr. and Mrs. H. J. Meyer, Dr. and Mrs. T. B. Knopp, Mr. and Mrs. L. E. Heath, Mr. and Mrs. L. J. Brucks, Mrs. Nora Bendele and Dr. W. H. Smith.

## AN ENJOYABLE TREAT.

It was an instructive as well as an interesting and entertaining show when Watson gave his friends last Saturday night.

"The Harvest" was not "Hidden" after the show was over, as it was plain to be seen that profits are easy to earn when one feeds a fine product. The journey through the experiment stations was a liberal education and the romance of the country girl who transformed a city boy into a successful farmer was a thrill throughout to those who are not used to romance.

Several prizes consisting of Purina products were given away.

## QUIHI NOTES.

And Abraham called the name of his son . . . Isaac. Gen. 21: 3.

What commotion with the arrival of a babe in a home! But the emotions differ in every family. The various reception committees have their own reflections. Not every-

where is the child hailed as a gift of God. Often it's merely a sigh of relief that prevails; "glad the whole thing is over with." Some view the arrival as merely an inescapable consequence, an unavoidable addition to the family budget, an unpleasant aftermath of carnal orgies, a problem, a bother, an unwanted responsibility.

And such views are undoubtedly, the underlying thought for many agitators of the "birth-control" movement and its sympathizers; long before this movement assumed vast proportions clamoring for public recognition and donning "scientific" garb.

Truly, here and there, also patriotic joy comes in for its share at these occasions, greeting the newcomer as an effective antidote against racial suicide or as a valuable member to the legion of future taxpayers or as an increase in military strength alias cannon-fodder. How does Abraham view the situation? The name he has chosen for the child, Isaac, meaning extreme joy or laughter, seems to throw light on the subject. For him its the answer to an intense prayer, the fulfillment of a long hope, the coming true of God's promise, a new token of God's fidelity to strengthen his faith, yea, it's the glad tidings of the blessing that shall come to all people through his seed, tidings that re-echoed in full measure on Christmas night, as Christ himself puts it: Abraham rejoiced to see my day; and he saw it, and was glad.

For a once in 1935 we were privileged to attend to the nuptials of a young couple in this parish, when Clarence Julius Saathoff, son of Mr. and Mrs. Louis Saathoff, was joined in holy wedlock to Miss Esther Lorine Bohlen daughter of Mr. and Mrs. John G. Bohlen. The double ring-exchange was part of the ceremony. Only the immediate relatives attended. Mr. Wesley de Grodt and Miss Della Saathoff acted as witnesses. The young people are well known here, the bride being very active as member of the choir, the Sunday school teachers' staff and in our League. Their new home will be in the Vandenberg section. Many will join with us in wishing them a bright and happy future under God's blessing.

MURRAY-BELLOWS WEDDING.

The chapel of St. Paul's Methodist Church, Houston, Texas, was the scene Saturday afternoon, Nov. 9, of the marriage of Miss Iris Bellows, daughter of Mrs. Maude Bellows and the late R. K. Bellows, to Victor M. Murray, son of Mr. and Mrs. E. J. Murray of San Antonio, formerly of Hondo. Dr. S. Stephen M. Kenney read the service.

The chapel was simply decorated with floor baskets of white chrysanthemums placed against a background of Woodwardia fern. H. T. Huffmaster, organist, played "Ave Maria" during the ceremony, and rendered the wedding march.

The bride entered alone, wearing a blue rabbit's hair wool suit with gray caracul trim. She wore a small gray hat, and her other accessories were of gray. She carried a bouquet of orchids and maiden hair fern.

Miss Juanita Butler, the bride's only attendant, wore a gray suit and carried an arm bouquet of sweetheart roses. Franklin Clark served as best man, and William Feiz was usher. After the ceremony a reception was held at the home of the bride's mother for members of the families and friends. The table, laid with a lace cloth, was centered by a three-tiered wedding cake, embossed with white roses and fern. White tapers in crystal holders burned at either end.

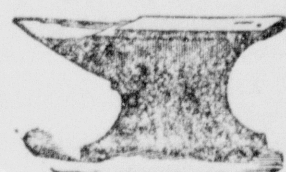

Mrs. Murray Kyger and Mrs. E. J. Phillips presided over the cake. Misses Marjorie and Ruth Bellows served the coffee.

During the evening the couple left on a short wedding trip, and on their return to Houston will be at home at 1515 Michigan avenue.

Mr. and Mrs. E. J. Murray, Mr. and Mrs. E. J. Phillips, Mrs. Fannie Phillips, and Misses Hotchkiss and Agnes Phillips, all of San Antonio, were present for the wedding.

The above taken from a Houston paper will be of interest to a great number of friends of the Murray family, who made their home here for several years. Victor graduated from Hondo High School in 1931.

## THE END OF FREE SPEECH?

One clause of the Public Utility Act of 1935, the bitterly-debated Wheeler-Rayburn bill, should be read by every citizen interested in the fundamental rights guaranteed us by both the letter and spirit of the Constitution.

Here is the clause: "It shall be unlawful for any person employed or retained by any registered holding company, or any subsidiary company thereof, to present, advocate, or oppose any matter affecting any registered holding company or any subsidiary company thereof before the Congress or any member or committee thereof . . . unless such person shall file with the (Securities & Exchange) Commission . . . a statement of the subject matter in respect of which such person is retained or employed, the nature and character of such retainer or employment . . . Punishment for violation of this clause is a fine up to \$10,000, imprisonment up to 2 years, or both.

Now consider the possibilities: If, for example, Joe Brown, clerk in the bookkeeping department of a holding or operating utility, becomes dissatisfied with his working conditions, he cannot legally communicate with his elected representative in Congress without going through a maze of red tape. If he happens to own a little company stock, and believes some governmental policy endangers its value, and says so, he is again faced with fine and imprisonment. It will be said, of course, that the law is not designed to cover such cases, and would not be literally enforced—but the fact remains that the law, as written, covers every employee and worker, and that the administering commission has no authority to make exceptions.

THIS GOES FAR BEYOND ANY QUESTION OF WHETHER HOLDING COMPANIES ARE GOOD OR BAD. It goes straight to the underlying philosophy of our government. IT GOES TO THE ROOTS OF THE RIGHT OF FREE SPEECH—of which the right of protest is an inescapable part. IF THE LEGISLATIVE BRANCH OF GOVERNMENT POSSESSES THE POWER TO DENY ONE GROUP OF CITIZENS THESE FUNDAMENTAL RIGHTS, IT CAN EXTEND THE PROHIBITION TO OTHER AND ALL GROUPS. It can establish an absolute dictatorship and indefinitely prolong the political status quo through the weapon of all dictators—fear of punishment. It can abolish every democratic principle, and make the Constitution impotent.

THE FIRST AMENDMENT TO THE CONSTITUTION, which laid the groundwork for the Bill of Rights, says: "CONGRESS SHALL MAKE NO LAW respecting an establishment of religion, or prohibiting the free exercise thereof; or ABRIDGING THE FREEDOM OF SPEECH OR OF THE PRESS; or the rights of the people peaceably to assemble, AND TO PETITION THE GOVERNMENT FOR A REDRESS OF GRIEVANCES."

Read that Amendment—then read the astounding clause from the Public Utility Act of 1935. How can the two diverse philosophies of government they represent be squared? The real issue here is Constitutionalism versus a sort of fascist dictatorship.—Industrial News Review.

BIG ADVERTISING CAMPAIGN PLANNED.

Newspaper advertising will be the keystone of a new and extensive advertising program to be launched by the United States Gas System later this month.

This announcement was made in a statement yesterday by W. R. Briggs, district manager of the gas company at New Braunfels.

"The new program scheduled to start the week of November 25th will tell the story of Natural Gas as the natural fuel of the South and feature its unparalleled economy and efficiency," Mr. Briggs said.

"Newspapers will be used as our principal medium in this campaign because we want to reach the maximum number of residents in the community which we serve," Mr. Briggs said.

"We consider it our duty to make natural gas of the greatest possible use to the people within reach of our lines."

"Here in the South, people have in their cheap Natural Gas something which the rest of the world is begging for but in many cases, never can have."

"Our aim in this new campaign will be to point out that Natural Gas is the cheapest modern fuel to be had, here or anywhere else in the world."

### HONDO LOSES TO UVALDE 12-6.

Friday afternoon the Uvalde Coyotes defeated the Owls by a score of 12-6. As a result of this victory, the Coyotes clinched the title of the north zone and the right to meet the Pearsall Mavericks, representatives of the south zone, in a district clash on November 22.

The Coyotes kicked off to the Owls to start the game Friday. After an exchange of punts, the Owls had a break when they recovered a fumble of a lateral pass on the Coyotes' thirty yard line. The Owls, after having made a first down, were held for downs on their second try and the ball went over to the Coyotes on their own ten yard line. On the next play J. H. Rothe returned Shurley's punt sixty yards through a broken field to score a touchdown. Oefinger's kick from placement for the extra point was blocked. The remainder of the quarter consisted of several exchanges of punts and the Owls having the ball well into the Coyotes' territory several times.

Score: Owls 6, Coyotes 0.

In the second quarter the Coyotes' passing attack began to "click", several passes being completed in succession. They marched down the field carrying the ball deep into Hondo territory by means of several passes and line plays. On the fourth down, Shurley faded back and passed over the goal-line for the touchdown. Shurley tried a plunge for the extra point but the Owl's forward wall kept him from making it good. The half ended with the ball in the Coyotes' possession near the center of the field.

Score: Owls 6, Coyotes 6.

Again in the fourth quarter, the Coyotes' aerial attack was an important factor in their gaining. About the middle of the quarter Shurley punted from his own thirty yard line. The ball bounded down to the Owls' twenty yard line and was covered there by a Coyote. The official's decision in giving the ball to the Coyotes on the ground that J. Rothe had touched the ball is questionable. The Coyotes, however, continued to drive toward the Owls' goal line and with less than a minute to play, Ramsey carried the ball across the goal line. A kick from placement for the extra point hit the cross bar. After the kickoff, there was little time left to play, and the game ended with the ball in the Owls' possession in their own territory.

Final score: Coyotes 12, Owls 6.

Outstanding players for the Owls were Rothe, Windrow, and Oefinger, while Ramsey and Shurley starred for the Coyotes.

### DISTRICT FOOTBALL.

The game last Friday ended with the Coyotes on the long end of the score but they did not whip the Owls. In fact, the Coyotes were the most whipped down looking squad during the third quarter that the Owls have played. Had it not been for that adverse decision . . . but that is all water under the bridge.

Carizzo nosed out Eagle Pass twenty-odd to nothing Saturday in the only other game in the district. Nothing much of importance happens this week-end. Crystal City plays Carizzo Springs in their annual grudge fight and Pearsall takes on Cotulla. Pearsall should coast through to an easy win. That other game will be tight with Crystal City having a slight edge in our opinion.

Pearsall meets Uvalde in Uvalde during the Thanksgiving holidays to decide the district championship. That is, provided Pearsall gets by Cotulla. Pearsall gave Uvalde all kinds of trouble in their first game, losing by a 19 to 14 count. The half gun found Pearsall on the Uvalde 1-foot line.

It seems strange the types of psychology some coaches use. When Hondo has any big boys we are proud of them and if anything, will add a pound or two onto their published weights. We tell 'em that "our boys are big and tough and are coming to get you". Green of Uvalde does the reverse. He minimizes his weights as much as possible. He said that his starting line-up averaged 143 lbs. the same as that of the Owls. In our opinion the Coyotes averaged not a pound less than 155 and probably much more.

The winner of this district takes on the winner of the San Antonio district which at present writing looks like the Sidney Lanier Voks. They will give the winner of this district quite a ball game. And the bi-district winner seems at present due to meet Rock Springs for the regional championship. If Uvalde gets that far there will be some bone crushing when Shirley of Uvalde heads into Earwood of Rock Springs. Green lists Shirley at 178 (?). Earwood

weighs around 190 and is the fastest man in this district. He set a new record in the 220 in Uvalde last spring. He backs up the line for Rock Springs.

The football boys are in their usual winter girl complex. They are trying to warm up their courage enough to ask some damsel for the pleasure of her company to the Football Banquet. Wouldn't you like to listen in on Hugo or Walter Nester when they put in their bid?

There is to be a grand and glorious pow-wow in San Antonio the Friday morning after Thanksgiving. The Interscholastic League will hold its annual meeting and the opponents of the 18-year rule have laid their plans to be there in force to do their best to kill the rule. In our opinion the rule is too drastic. The children who are now in high school entered the grades when they were seven. If for any reason whatever a child failed, sickness, moving from one town to another, the readjustment of transferring from a rural school to high school, that child has a good chance of being 18 when school opens next fall and is therefore ineligible for any Interscholastic League activities. We think that the League activities should be open to those students who are in school and have done no more error than to lose out in one grade somewhere down the line. For the older students who have been in high school 5 years and more it is time they left other things alone and attended to their studies.

### FOOTBALL BANQUET.

The annual banquet given by the Pep Squad girls in honor of the football squad will be given Saturday night, November 23rd. The banquet will be held in the Study Hall at the High School. After the banquet there will be a dance at the Fair Grounds hall.

### ABOUT THE OPERETTA.

The high school glee club is now practicing on an operetta to be given sometime around the first week in January. The title of the operetta is "THE FEAST OF THE LITTLE LANTERNS", by Paul Bliss. We have already started work on it and have hopes of being able to put it on as soon as possible.

The characters of the operetta are: PRINCESS CHAN, a Chinese Heiress—Evelyn Barnes.

MAI KU, a Japanese Juggler Maid—Ethelyn Ney.

WEE LING, Maid to the Princess—Anna L. Welhausen.

OW LONG, Governess to the Princess—Ginger Fusselman.

And the entire Chorus.

### The Story.

The ancestral estate of Prince Chan is held in trust until the night of the Feast of the Little Lanterns, when it shall be given over to any TWO surviving children. Princess Chan, having lost her brother and sister when they were all children at play in the mountain summer-home of the Prince, is in great sorrow at the thought of losing her home which, however, is saved for her.

The first act opens with the celebration of the Feast of the Little Lanterns, various legends being woven into the text of the songs. The Governess who would regulate affairs of children in China, and the little maid who adores her mistress, cause some amusement and entertainment. Then the surprise for the Princess is introduced in the person of the little Japanese juggler girl, who pleases them mightily until summoned to the palace. The chorus departs and the curtain falls with the sorrowing Princess alone in the garden.

In the second act the Princess is discovered still alone and lamenting. The chorus comes back with Wee Ling caught in mischief; after which the little juggler girl rushes in with the announcement that the Emperor has information that the sister of the Princess Chan is alive and near, and orders that every place be searched. In searching the garden for her, the little maid finds a locket which the juggler maid claims as hers, in which

is found the half of a coin which exactly matches the one worn by the Princess. They recognize each other as sisters, and are overjoyed that the home shall continue to be theirs. The Feast of the Little Lanterns is progressing with great gaiety as the curtain falls.

OWL'S EARS.

The Hondo High students who attended the game in Uvalde Friday were Jean and Merle McCall, Gracie Jo and Kathleen Reilly, Sis and Billie Meritt, Wilma Barkuloo, Fern and La Verne Ulbrich, Evelyn Ruth, Wanda, Juanita and Jo Dawson, Ada Bell Carter, Frances Ruth and Orceuth Fly, Helen Burgin, Evelyn Barnes, Betty Jean Merriman, Florence Zuberbueher, Anna Laura Welhausen, Merrell Stiegler, Anna Laura Renken, Pat Ney, Mary Kate Hueser, Adele Scott, Howard Hueser, Jerome Finger, Burleigh Smith, Edmund Ney, Kyle Muennink, Blanche Clements, Evelyn Knopp, Sister Meyer, Burnell Rihn, Sue Muennink, Elizabeth Reynolds, Wanda Redmond, Harvey Renken, Anthony Jungman, J. P. Ney, Milton Bohmfalk, and Ginger Fusselman.

Anna Laura Welhausen spent the week-end in Uvalde.

Those who represented Hondo at the dance in Uvalde Friday night were Anna Laura Welhausen, Hugh Meyer, Monroe Langford, Harvey Renken and Murrel Stiegler. They all reported a rippin' time.

Jack King has missed school since Thursday because of an infected hand. School has also missed him. All you people with time on your hands go to see him.

### S. F. CLUB ENTERTAINS.

The S. F. Club entertained with a party Saturday night at the home of Helen Burgin. The house was decorated attractively in the club colors and poinsettias.

After several games were played, everyone joined in a scavenger hunt. Delicious refreshments of tuna and pimento cheese sandwiches and cocoa were served to the following:

Kathleen Reilly, Evelyn Ruth Dawson, Betty Jean Merriman, Sue Muennink, Frances Ruth Fly, Sis Meyer, Tiny Carter, Elizabeth Reynolds, Helen Burgin, Tommie Danie, Babo Windrow, Burleigh Smith, Roland Gaines, Robert Zerr, Burnell Rihn, Harry Freeman, Charles Finger, and Jack Fitzpatrick.

### THE WASTE.

George Bernard Shaw is a past master at the ready retort. A young woman sitting next to him at dinner remarked, "What a wonderful thing is youth!"

"Yes—and what a crime to waste it on children." G. B. S. replied.

## How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tabs the first night and repeat the third or fifth night if needed.

How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminators thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

## V-8 LEADERSHIP

ON OCTOBER 31 of last year, Henry Ford announced his intention to build a million Ford V-8s in 1935. We are pleased to report that this goal was reached in exactly ten months instead of a full year.

One million cars and trucks is an impressive total. But figures by themselves mean nothing. It is what they represent that counts. Selling a V-8 at a low price has brought a new kind of automobile

within reach of the people. Producing it has provided steady work for hundreds of thousands of men in the Ford plants, in associated industries and on the farm.

These million Ford V-8 cars and trucks have helped to make things better all around. In the first ten months of 1935 the Ford Motor Company paid out, in the United States alone, \$140,119,326.00 in wages and \$523,111,389.00 for materials.

## From The LaCoste Ledger.

A crowd estimated at from 1,000 to 1,200 attended the Community Fair sponsored by the Parent-Teacher Association Sunday afternoon and evening, and each and everyone had a good time for there was something doing every minute of the time from 1 o'clock in the afternoon until midnight when the sweet strains of Scott's Orchestra, dismissed the revelers. It was one of those occasions when LaCoste was at home to visitors and they came from all directions. Every town and community within twenty miles was represented in the vast throng that gathered on the public school campus to make merry in that good old fashioned way.

Fred Jagge from Castroville was a business visitor here last Friday.

Mrs. George Gunn from Atascosa was a short visitor here Tuesday.

Mrs. C. S. Helms was a San Antonio visitor Tuesday.

Mr. and Mrs. H. H. Trip and son from San Antonio were visiting relatives here Armistice Day.

Mr. and Mrs. August Jungman and daughter, Miss Theresa, from the Sauz were visitors here last Saturday.

Miss Emma Biediger from San Antonio spent the week-end with her parents, Mr. and Mrs. Henry Biediger, here.

Judge and Mrs. R. J. Noonan of Hondo spent the afternoon here Sunday, attending the Community Fair and greeting their many friends.

Mr. and Mrs. Paul Kempf and family from San Antonio were short visitors here and at Castroville over the week-end.

Mr. and Mrs. Emil Elmendorf and baby from San Antonio were visiting their mother, Mrs. Helena Keller, here Sunday.

Mr. and Mrs. Ed. Trip of Macdonia were visitors at the Judge and Mrs. Chas. A. Fischer home at Von Ormy, Texas, last Thursday afternoon.

Mr. and Mrs. R. U. Atkins of Nacala were in LaCoste Sunday greeting friends and attending the Community Fair.

Jordan T. Lawler of Castroville was an interested visitor in LaCoste Sunday afternoon for the community fair.

Mrs. Theresa Mechler and grand-daughter, Mark Mechler, from Castroville were the guests of Mr. and Mrs. P. F. Christilles and children here Saturday and Sunday.

Mr. and Mrs. Dee Atkins, Mr. and Mrs. J. G. Matthews and Mr. and Mrs. A. F. Jackson and others from Lytle were here Sunday afternoon to attend the Community Fair.

A number of relatives and friends assembled at the home of Mr. and Mrs. H. F. Keller and family last Saturday evening, to assist Mr. Keller celebrate his birthday anniversary.

Miss Ellen and Mabel Tschirhart and Messrs. Ernest Adam and Alexander Jungman, Jr., were the week-end guests of Mr. and Mrs. L. H. Jungman at Corpus Christi.

Mr. and Mrs. Hugo Bourquin and daughter from San Antonio and Mr. and Mrs. G. R. Hays and sons of Castroville were visiting relatives here on Armistice Day.

Mr. and Mrs. George Tondre and children of Lytle were greeting friends here Sunday while attending the Community Fair. George is assistant cashier of the Lytle State bank.

A concrete sidewalk, four feet in width, is being put down this week to connect the School, St. Mary's Church and Rectory. The walk will be a great improvement about the school.

Mr. and Mrs. M. J. Smith of Macdonia were here Sunday to attend the Community Fair. Mr. Smith was pressed into service as referee in the basketball game. He was formerly coach at Lytle.

Mr. and Mrs. W. F. Biediger and family took a pleasure trip to Corpus Christi Sunday, where they visited with A. H. Biediger and Mr. and Mrs. Leonard Jungman. They returned home Monday.

Mr. and Mrs. A. J. Gidley and Mrs. Margaret Blatherwick of Lytle visited in LaCoste Sunday afternoon and were making the rounds at the Community Fair. Mrs. Gidley and Mrs.

Blatherwick were very much interested in the handwork display.

Cletus A. Batto from Tarpley was a visitor here Sunday. He was accompanied home by Mrs. Batto and baby who had spent the past week with her parents, Mr. and Mrs. Ed. Schmidt, here.

Mr. and Mrs. N. A. Billings and daughter of Lytle were in LaCoste Sunday afternoon for the Community Fair. Mr. Billings is superintendent of the Lytle schools and is very much interested in the band. Mrs. Billings is one of the publishers of the Tribune.

#### FARMER'S HOME BURGLARIZED.

While Mr. and Mrs. John Poerner, who reside at their farm home a few miles northwest from town, were visiting one evening the past week, burglars entered the home and took around \$25 worth of valuables, including some of Mr. Poerner's clothing, a sack of sugar, and other things. Constable Arch Morris was called over and they tracked the thieves some distance west. Mr. Poerner said, and lost the trail.

## FROM BIRY.

Mr. and Mrs. Ray Blackburn and family spent Wednesday evening in Devine.

Mr. Joe Bader and Alois Rihn of Three Point were here on business on Wednesday.

Mrs. S. B. Heath and daughter, Noella, spent last week in Moore.

Prof. Bader was a San Antonio visitor last Saturday.

Miss Henrietta Keller of Alamo Business College spent the week-end with her parents.

Mr. Leo Bohl, Jr., visited friends in San Antonio last week.

Mr. Henry Biry of D'Hanis was a short visitor here Wednesday. He was accompanied home by his brother, Frank, who has employment there for several weeks.

Prof. and Mrs. McCarley spent the week-end with relative at Mathis.

Mr. and Mrs. Geo. Bader and two sons, Mr. and Mrs. Ed. Bader and daughters attended the funeral of Mrs. Benj. Kempf in Castroville Sunday.

Miss Alma Bader is visiting relatives in Castroville and San Antonio. Several from here spent Armistice Day in Hondo.

## FROM YANCEY.

Today is the seventeenth anniversary of the signing of the Armistice.

We are all thankful that we have escaped war this long, and hope that our good old United States will never have to be called to arms again. Let's have peace.

Our new pastor, Brother Crockett and family are with us, and a good crowd was present at both services of the church on Sunday.

Rev. Banks and family moved to their new location, Ganado, last week Friday.

Mrs. C. J. Oefinger of San Antonio is visiting Mrs. John Bohmfalk and other relatives.

Miss Evelyn Wiemers and Florence Bohmfalk spent the week here with homefolks and returned to Pearsall on Monday.

Mr. Lee Ward and Mrs. Lucian Ward are off on a visit to Mr. Roswell Ward and family at San Benito for a few days.

Mr. P. S. Ward of San Antonio came in for a short time with his son, Lucian, and family.

Mr. Bryan Ward and little boys returned from Refugio after a visit

to his brother, Charlie, and family for a week.

We are glad to report Clarence Fessler improving from his serious illness. He was in the Pearsall hospital for several weeks, under care of Dr. Beall, but has been removed to private apartments. We hope he will soon be able to be back in Yancey.

Mrs. William Alexander of Kneene paid a short visit to her mother, Mrs. J. W. McCaughan, during last week.

Debbie Kasiska, Ernest Holub and Ralph McCaughan report a good time at Kneene for several days last week.

Mrs. H. N. Burgin and daughter, Mrs. F. W. Bohmfalk, took part in the birthday celebration at Hondo, given in honor of Mrs. George Muennink last Sunday.

Miss Grace Saathoff of Black Creek spent the week-end at home.

Mr. and Mrs. Charlie Kueck and their mother, Mrs. Henry Kueck, are on a week's trip to Luling, Mexia and other points, visiting relatives.

Misses Forbes, Wilkinson and Hodges are spending several days visiting their homefolks, since there is no school on Armistice Day.

Mr. H. B. Eggens, basketball coach, took advantage of the holidays Monday and "took off" for his home, we presume.

Mr. John Fessler and family spent Sunday at the home of Mrs. George Muennink.

Mr. Milton Fohn and family and Mr. Louis Senne and family of this place were present at the Muennink dinner.

Miss Rose Senne, who teaches at Bartlett, came in Sunday morning to be with homefolks for the day. She was accompanied by her friends, Miss Wiederspahn and Mr. Rane, of Seguin.

Miss Vera Golie and Miss Helen Scott motored to San Antonio Friday, returning next day.

Last Thursday evening the High School pupils gave a play at the auditorium. A pretty good crowd was present and a neat sum of money realized.

Mr. August Bohmfalk, who has been ill for several months, seems to be improving slowly, though he is still quite weak.

Mr. Roland Buss carried the mail several days last week, while mail carrier, Mr. and Mrs. Granis, attended the fair at Gonzales.

Miss Elna Muennink and brother, Edgar, spent the week-end with their mother, returning to San Antonio Sunday evening.

Mr. Roland Saathoff of San Antonio was at home during the week-end.

Mrs. E. L. Murphy and family have moved to their new home on the Adams ranch near Zigzag, where Mr. Murphy will have charge of a poultry farm.

## MRS. LEE SCHUCHART DEAD.

Mrs. Lee Schuchart (nee Hulda Wurzbach) died at her home in San Antonio on Friday, November 15, 1935, after a painful illness of several months duration. Her remains were buried in the new Lutheran cemetery at Castroville Sunday afternoon, November 17, 1935. Despite a day of dimly inclement weather a large assemblage of sorrowing relatives and friends gathered to pay their last respects to the departed.

Mrs. Schuchart was the daughter of Mr. and Mrs. Louis F. Wurzbach and was born on October 9, 1836, at their home on the San Geronimo. She grew into beautiful young womanhood and in October, 1855, was married to Mr. Lee Schuchart. Since their marriage they have made their home in San Antonio. Here one son, Oscar W. Schuchart, was born to them. The deceased was reared as a Lutheran and during her residence in San Antonio was an active member of Grace Lutheran Church of that city.

Besides her husband and son, she is survived by her aged parents, by a half-sister, Mrs. Alfred Eippert of San Francisco, California; three half-brothers, Ferdinand of Cliff, Herman of Riomedina and Alfred of Cliff; and one own brother, Charles E. of San Antonio. Another brother, Oscar, made the supreme sacrifice in France during the World War.

After a brief service at her home in San Antonio, the body was brought to Zion's Lutheran Church in Castroville where, at 3:30 o'clock P. M., her pastor, Rev. Scherzer, assisted by the local pastor, Rev. K. Konzack, conducted the funeral services, after which burial was made in the new Lutheran cemetery. The pall bearers were: Tommy Schuchart of D'Hanis, Manuel Schuchart of Riomedina, Fred and Erwin Gaubatz of San Antonio, Alfred Schweers of Hondo and Alton Fuos of San Antonio.

The bereaved family, and especially her aged father and mother to whom she had been especially dear and closely devoted, have the sympathy of a large circle of friends. They have lost a much loved daughter, her husband and son a wife and mother whose love and devotion never faltered and her other relatives and friends one who was universally loved.

This writer remembers her personally as one of his favorite pupils when as an eleven-year-old school girl, Hulda Wurzbach first came to school to him at San Geronimo in the early fall of 1898. As a happy, carefree child her sterling integrity and beautiful temperament foretold the lovely character into which she developed in womanhood. The world is poorer by the passing of one so good, so lovable; it is a cheering thought to hope heaven is made more beautiful by her going.

Billie Merritt and J. H. Rothe escaped serious injury Wednesday afternoon when they were hit by an auto driven by a Mexican, near their homes here. The two high school students were walking down the street reading their school paper when the car came around a corner and was upon them before they could get out of the way. Both sustained painful cuts and bruises.

Your attention is called to the invitation elsewhere in this paper to attend the church Thanksgiving celebration at the Quibi Lutheran parish hall on November 28. There will be all kinds of entertainment features, a barbecue supper and a play by local talent. The public is cordially invited.

Mr. and Mrs. Bland Martin came in from Houston Friday night and were guests of Mr. and Mrs. Alf. Brucks. Mrs. Martin is a cousin of Mrs. Brucks', and a granddaughter of the late Rev. Fred Bohmfalk. Mr. and Mrs. Martin returned to Houston Wednesday.

Melvin Barth was a business caller at this office Saturday. He came to move up the date another notch for the Anvil Herald for his grandmother, Mrs. August Barth. This paper has never missed its weekly visit to the Barth home during the now more than thirty-two years we have published it.

Mrs. R. J. Noonan and Mrs. L. E. Heath were hostesses of the monthly card party at St. John's School Wednesday afternoon. Mrs. Alfred Schweers won the prize in bridge and Miss Hulda Nester won the high five prize for high scores. The hostesses serve refreshments of doughnuts and coffee.

Mr. and Mrs. John Bradshaw, after a pleasant visit to relatives in this vicinity and at Utopia, left Tuesday for their home at LaPorte. They have a large, airy home right on the beach at LaPorte with a pier extending into the bay, the picture of which seems to invite one to go fishing. Mr. Bradshaw says that fishing has not been so good this year, however, as it usually is at LaPorte.

Mr. and Mrs. V. H. Blocker left Monday evening for New York City. They are motoring through and will visit in Washington, D. C. before continuing to New York from which place they will ship by steamer to Mr. Blocker's new station at Fort de France, island of Martinique, West Indies. This paper joins their friends in wishing them a safe journey and a pleasant sojourn on their island home.

## CATHERINE LEINWEBER.

Thy way and all thy sorrows Give thou into His hand; His gracious care unfailing, Who doth the heav'n's command; Their course and path He gives; To clouds and air and wind; A way thy feet may follow; He, too, for thee will find.

It pleased God, our Lord, to take from this life the good mother, Catherine Leinweber, nee Stieger, who was born on May 2, 1859, one of 11 children of Gottlieb Stieger and his wife, Johanna, nee Boehle, who had previously immigrated from Germany. The deceased was born and raised in Vandenburg. The parents were of Lutheran faith and raised their children the same way. Thus in infancy the deceased became a baptized Christian and later on was confirmed in the Lutheran Church at Quibi.

Mrs. Leinweber always remained a member of this church, later establishing her membership at Hondo. The schooling received by the departed was in the church school at Quibi, giving a foundation for character.

Mrs. Leinweber became united in holy wedlock with August Leinweber on January 4, 1879. This happy couple was given 11 children who proved a blessing to the parents and a joy to them. They were a strong support when the years took their toll, and when care and sorrow's dark clouds overshadowed their lives. It took industry and hard work to raise a large family even in those days, but the Lord's blessing built this house and it was not built in vain. All whom the Lord gave them could be near both father and mother in their last hour. This a rare privilege for which they no doubt were very thankful.

The departed was of a cheerful disposition, plain and unaffected, and of rugged Christian character. Physically she was gifted with good health and strength almost all of her days, and she often referred to that fact with grateful heart.

However, with sunshine comes also the storm and sorrow was not unknown in her span of life. She saw one brother, Henry, and 3 sisters, Mrs. John Grossebacher, Mrs. Charlie Winkler and Miss Christina Stieger, laid to rest as well as three grandchildren and one great grandchild. The hardest blow came when her life's companion was taken from her side on August 17, 1908. Her faith sustained her in this great sorrow. She also had a source of comfort and good care in her children, making her home with the youngest.

Mrs. Leinweber suffered from high blood pressure during the declining years of her life. This ailment finally robbed her of a necessary part of her daily routine, which was work, for she regretted her inability to be as active as before. In July of the year she became bedfast for a number of weeks. So severe was this attack of illness that her recovery was miraculous. The Lord heard the prayers of His people and the departed was able to be up and about again. However, she became more submissive to the warning received and was willing to follow the Lord's call. It came when on Tuesday of this week a stroke left her partially paralyzed, and after a brief suffering, she was called home on Wednesday, Nov. 13, at 5 P. M. Her children were at the bedside when she ended. She attained the age of 76 years, 6 months and 11 days.

Her present pastor gratefully remembers the deceased as a regular and faithful church-goer, and one who found joy in hearing God's Word. She knew her true Companion was Christ the Savior, and from Him she was comforted in her last days. She appreciated the private administration of Word and Sacraments.

Left to mourn this good mother are her eleven children all of whom are residents of Medina County. From the eldest to the youngest they are: Mrs. Charlie Nietenhoefer, Emil Leinweber, Mrs. Lee Hardt, Henry Leinweber, Louis Leinweber, August Leinweber, Mrs. Alfred Schleitz, Mrs. Christian Nietenhoefer, Mrs. Edward Moehring, Mrs. Albert Sathoff, and Mrs. Walter Sathoff. She also leaves 3 grandchildren and 4 great grandchildren—2 brothers, Louis and Fritz Stieger, and one sister, Mrs. Frank Moebius. The Lord comfort the bereaved hearts.

Funeral services were held on Thursday, Nov. 14, in Hondo, Rev. H. A. Heineke, formerly pastor of St. Paul's, Hondo, was invited to give the German address in the Hondo Funeral Home. He paid a high tribute to the deceased on basis of the passage Hebrews 13, 17. The undersigned had charge of the rites at the grave, using as a text Psalm 23. Interment was made in Oakwood Cemetery.

The grandsons served as pallbearers. They were Charles, John, Marvin and Milton Leinweber, Herbert Moehring and Elmer Nietenhoefer. Jesus still lead on, Till our rest be won, And altho the way be cheerless, We will follow, calm and fearless, Guide us by Thy hand, to our Fatherland, Amen.

EPOCH MAKING POLAR TRIP  
MAKES EXCITING DRAMA.

The epoch making polar trip,  
starring Admiral Richard E. Byrd  
and his loyal band of fifty-six follow-  
ers, has been recorded for all time in  
Paramount's "Little America", an  
actual scene by scene account of the  
intrepid explorer's second Antarctic  
expedition as taken by two camera-  
men who accompanied the expedition,  
which comes to the Colonial Theatre  
Monday and Tuesday nights.

Every thrilling event of this haz-  
ardous undertaking in this truth-is-  
stranger-than-fiction production,  
cramped with suspense, drama and  
romance in every foot of film. Isolated  
themselves of their own free will,  
led with the spirit of adventure,  
this courageous expedition set out to  
conquer the frozen wastes of the  
South Pole, determined and ready to  
face any danger, every hardship.

The intimate, everyday life of  
these men who spent 18 months in  
an ice empire making valuable  
researches as they battled the elements,  
is vividly shown in the picture. This  
fearless group are shown at work,  
fighting through blizzards, roaring  
gales, unimaginable cold in a land  
of ice and snow. They are seen at  
play, finding relaxation through  
radio programs in their underground  
city, and at their studies in their own  
University of Antarctica with the  
expedition's scientists acting as pro-  
fessors.

The film opens on board the ship  
"Bear of Oakland" as it fights its  
way through the icebergs and danger-  
ous pack ice to the 70-foot high bar-  
rier to "Little America", exactly as  
they left it a few years before when  
they made their first trip.

# A BIRTHDAY CELEBRATION.

On Sunday, November 10, while  
Mrs. George Muennink was attending  
services at the Methodist Church, her  
children had arranged for all of her  
family to gather at her home and  
spend the day. Her surprise, when  
she returned from church, was be-  
yond description. The following of  
her immediate family were present:  
F. G. Muennink and family of Hon-  
do, Charles Hartman and family,  
Fritz Martin and family, Fritz Senne  
and family of Hondo, Henry Schuehle  
and family of Upper Quihi, Mr. and  
Mrs. Mimke Muennink of San Mar-  
cos, Miss Emma Muennink of Del  
Rio, Willie Muennink and family of  
Hondo, Philip Shoop and family of  
Natalia; also the following families  
who are grandchildren of Mrs. Muen-  
nink's: Henry Muennink and family  
of Hondo, John Faselier and family  
and Milton Fohn and family of Yan-  
cey, Willie Schuehle and family of  
Upper Quihi, George Saathoff and  
family of San Antonio, and Louis  
Senne and family of Yancey. Miss  
Wiederspahn and Mr. Rahe of Seguin  
were present, having accompanied  
Miss Rose Senne, who teaches at  
Bartlett, Mrs. H. N. Burgin and  
daughter, Mrs. F. W. Bohmfalk, of  
Yancey, siser and niece respectively  
of Mrs. Muennink, and Bruno  
Schweers were also present.

Mrs. Muennink was happy to have  
her family together upon this occa-  
sion, and all expressed their wishes  
for many natal days in the future.  
Baskets and boxes of fried chick-  
en, dressing, barbecued goat, salads  
of various kinds, delicious cakes and  
coffee were served to about seventy  
guests.

We regret that this report was  
mislaid and overlooked last week.—

# "WHITE ELEPHANT PARTY".

The Dorcas Class of the Baptist  
Sunday School was hostess of a  
"White Elephant" party at the home  
of Mrs. Henry Windrow on Wednes-  
day afternoon, November 20th.

Both interesting and amusing was  
the origin of the term "White Ele-  
phant," given by Mrs. Andrew  
Schuehle. The elephant grand march,  
led by Mrs. Jim Duncan, furnished  
added amusement to the party. Other  
games and contests carrying out  
the theme of the party were enjoyed,  
and the exchange of "white elephant"  
gifts furnished much fun and laugh-  
ter among the guests. Refreshments  
of pumpkin pie and coffee were served  
the following: Mesdames Viola  
Barker, Jack Fusselman, Andrew  
Schuehle, Henry Crow, Preston  
Gaines, W. J. Ernest, Shan M. Hull,  
Henry Merriman, Emmett Pope, Or-  
cenneth Fly, J. S. Fly, J. G. Barry, M.  
L. McDowell, Jim Fusselman, Toby  
Taylor, Benny Bradley, Max Wen-  
mohs, Jack Fusselman, Emmett Koli-

# FINE FARM FOR SALE.

The L. J. Schmidt 640-acre farm,  
1 1-2 miles northeast of Yancey and  
one mile east of Yancey-Hondo road,  
is for sale on easy terms. This is a  
beautiful tract of land lying in a  
square and is faced along the entire  
south side by a public road. It is a  
fertile, sandy loam soil and every  
foot is tillable. There are three  
fields, one of 185 acres, another of  
145 and another of 10 acres, or a  
total of 330 acres in cultivation. The  
balance of 310 acres is divided up in-  
to two pastures and a trap for work  
stock, and all three are accessible to  
and are watered by a large earthen  
tank. This tank is kept constantly  
supplied by the overflow from a never-  
failing well nearby. The well is  
fifty feet deep and has never failed  
in water. It is equipped with wind-  
mill. Also there is a 90-foot drilled  
well with a head of 45 feet of water  
within 100 yards of the center of  
the tract. Place is well fenced  
throughout, has two comfortable ten-  
ant houses, big double barn and other  
out buildings. Property is located  
in a good neighborhood, in easy walk-  
ing distance of a first class agricul-  
tural high school, postoffice, store,  
and Methodist and Baptist churches.  
Place will be sold at a moderate price,  
on easy terms. The man wanting a  
good farm home or a farm invest-  
ment, close to both a proven oil and  
gas field, will do well to see or com-  
municate at once with either the owner  
or either member of the HONDO  
LAND CO.

and especially do we thank Rev. Leib-  
farth and Rev. Heincke for their ser-  
vices and loving words of sympathy  
and consolation, which were the  
means of great comfort to us in our  
sad hour of bereavement. We also  
wish to thank the choir for its part  
in the funeral service. Words are  
inadequate to fully express the deep  
feelings of our hearts for the many  
beautiful acts of love and service  
shown us at this time.

May God abundantly bless each  
of you.

## HENS NEED MORE VITAMIN A FOR WINTER MONTHS

"Every poultry-keeper knows how hens pick up in health and vitality when they are let out in the spring and given free range of the farm," says C. S. Johnson, Manager of the Poultry Department of the Purina Mills. "Combs get redder; plumage gets brighter and glossier; egg production increases to the highest point for the year. Not many birds are lost in early spring, either. Colds and roup are as scarce as hens' teeth."

"Some folks say it is due to something the hens get from scratching in the earth. Others say it is due to sunshine. Others, again, argue that spring is the 'natural' season for a hen to lay eggs and hatch or brood, and that Nature provides some mysterious stimulant to build up her health and vitality at that season."

"All of these answers, in part, are right," says Johnson, "but there is a further explanation which scientific research has discovered. Research has proven one of the causes of this spring-time pick-up to be carotene (or Vitamin A) that mysterious element in green plants."

### Springtime Improves Health.

"This is what happens. The hens are confined all winter in closed quarters—on a ration which, at best, contains only a limited amount of carotene. Then, suddenly, they are allowed outside, with young green grass and tender green shoots of all descriptions growing up all around. Every poultry owner knows how they go for it. And every particle of this tender, young, green stuff is rich in carotene."

"From the extra supply of carotene which they take into their bodies, the birds manufacture Vitamin A. The effects soon show in reddening combs, glossier feathers, more pep and vitality, keener appetites, higher production, and improved hatchability. This lasts but a few weeks. Only for a short time does nature supply young, tender shoots of green stuff rich in Vitamin A."

### Purafene New Discovery.

"It may be argued that this same effect could be brought about by feeding more 'ordinary green feed' through the fall and winter—more cabbage, mangels, clover leaves, etc. That is not so. To get sufficient Vitamin A from stored vegetables and dried leaves, the birds have to eat so much of these materials that they aren't able to eat the required amount of mash and grain for sustained, heavy production."

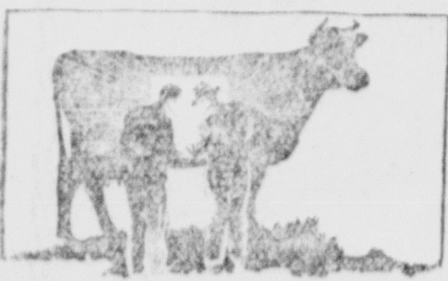

"With a problem like that before the poultry world, scientists now come through with a new, concentrated source of Vitamin A, called Purafene. It gives hens a 'spring-time supply' of Vitamin A without interfering with their consumption of egg producing feeds. In fact, it promotes an increased consumption of feed, because it stimulates the appetite as it improves health. It is made by concentrating the carotene extracted from plants."

With this new product, feed manufacturers are now able to step up the Vitamin A in their poultry mashes two and one-half times. It is predicted that the discovery of Purafene will mean almost as much to the poultry world as the discovery of cod liver oil."

## Many Dairies Cut Cow Costs With New Plan

### Bulletin Presents Method of Preventing Common Herd Ailments.

Rapid changes are taking place in the dairy industry. For a long time costly cow troubles such as breeding, calving, and udder difficulties have been looked upon as necessary evils in a dairy barn. But recent intensive research and experimental work both in the laboratory and on the farm, have made it possible to almost entirely eliminate them. Many herd owners following the methods recommended by these research workers, have had marked success in the control of calving, udder, and breeding troubles.

In a bulletin, "What's Going on Inside Your Cows," released by Purina Mills, St. Louis, Mo., detailed instructions are given for the feeding and management of cows during the eight weeks before calving, the four weeks after freshening, and the forty weeks of milk production. The bulletin points out that by recognizing the definite requirements of cows during these three distinct periods and following a proven program that's adapted to each of the periods, the cows will keep in better condition, inside and out. They'll produce milk more efficiently and will have the resistance to ward off ordinary diseases and infections so common in many herds.

The bulletin can be obtained without cost at any store handling Checker-board feeds, or by writing the Dairy Department, Purina Mills, St. Louis, Mo.

## RED CROSS REPORTS BUSY YEAR AIDING DISASTER VICTIMS

### Tornadoes, Fires, Hurricanes, Floods, Epidemics, Make Record of Year

The American Red Cross assisted sufferers in more disasters throughout the United States during the year ending June 30, 1935, than through any similar period in the peace-time history of the organization, Admiral Cary T. Grayson, chairman, revealed recently in commenting on the annual report which has just been released.

"The 128 domestic disasters in which the Red Cross extended aid during the fiscal year exceeded by 56 per cent the average over the past few years," Admiral Grayson said. "Not only was the period heavy in the number of disasters, but the geographical distribution was wide, with 37 States and 353 counties affected."

"Through these disasters and times of community distress, the Red Cross assisted 110,000 persons," the Admiral disclosed.

Spectacular service was rendered in many disasters because of the uniqueness of the problems and the far-flung points affected. The work of the National organization covered in the report carries stories of the Morro Castle burning, the trench-mouth epidemic in the beautiful San Luis Valley of Colorado; the great fight over a wide front in the mid-west dust bowl against respiratory diseases; floods, hurricanes, and tornadoes in many sections of the United States.

In addition to the disasters taking place within the continental limits of this country, Admiral Grayson pointed out that work had been made necessary by disasters in Hawaii, Puerto Rico, and the Philippines, where 26 disasters were recorded in that archipelago. The American Society also assisted the Red Cross of two foreign countries in caring for victims of floods and earthquakes.

The variation of types of disasters called for expert council on matters relating to health and nutrition as well as epidemic prevention. Last year's work proved the value of the structure and administration of the Red Cross disaster relief, the Admiral said, the very frequency of occurrence and the variety of types constituting a severe test of the organization chartered by Congress to handle this type of National relief.

Expenditures of the Red Cross for relief of persons stricken by disasters within the continental United States amounted to \$461,413. In addition, \$75,000 was sent to the Philippines to assist them in three major relief operations necessitated by typhoons. \$5,000 went to victims of the Indian earthquake, and \$5,000 to Poland for victims of severe floods. A number of smaller foreign emergencies called for sums totaling \$2,500.

The months of February, March, April, May and June were heaviest for tornado disasters. Floods occurred throughout the year. Serious fires calling for Red Cross assistance took place during July and December. A devastating explosion took place in Tennessee during April. Most of the hurricanes struck States along the east coast during the fall and early winter.

"All of this assistance to persons in distress," Admiral Grayson pointed out, "was only possible through generous contributions made by citizens in all sections of the country."

Most of this support of the disaster relief service comes from the annual Roll Call held each year from Armistice Day to Thanksgiving Day.

## RED CROSS FARM AND HOME SAFETY CAMPAIGN.

On October 1st, the American Red Cross will launch a nation-wide program to eliminate unnecessary accidents in the farms and homes of the country. Every Red Cross chapter will play a part, thus insuring contact with all rural communities. Inspection of individual homes to eliminate accident-causing hazards will be made. School children will be given a list of the most common home hazards, asked to enlist the cooperation of parents or relatives in removing each.

The active cooperation of social, civic, educational and other groups is being secured; many have already pledged their aid. County agents and others will be invited to aid in accident-proofing the farm and work on the farm. The Red Cross inspection blank will be distributed by cooperating organizations to homes where there are no school children.

This new Red Cross program is being launched because last year, in the United States alone, 34,500 persons were accidentally killed in the home; 150,000 were permanently crippled; millions were temporarily disabled. More people were killed accidentally in agricultural pursuits than in any other occupation. According to experts, almost all of these accidents could have been prevented.

The Red Cross feels that there is a definite need for its services in the field of home-accident prevention. Because of its nearly 13,000 chapters and branches, the organization has a unique opportunity to successfully promote a project of this nature. This is especially true in the field of farm safety, where, because of the inaccessibility of many farms, little safety pioneering has been done by comparison.

Other agencies now active in the accident-prevention field point to the fact that, because of its many units, with their knowledge of local factors and opportunities, a Red Cross accident-prevention campaign would be equally effective in all communities.

Accident prevention is a natural outgrowth and by-product of Red Cross instruction in first aid, a service initiated some 25 years ago and responsible annually, for saving many lives and preventing minor accidents having major consequences.

A noble deed is a step toward God.—J. G. Holland.

## ENDURANCE WINS OUT.

Reynolds said he could go on re-touching a picture forever.

You can read in 5 minutes what it took a master a lifetime to write.

It took Gibbon 20 years to write his "Decline and Fall of The Roman Empire". It took Noah Webster 36 years to write the Webster's Dictionary.

Demosthenes had a weak voice, and an impediment in his speech, and he was also short of breath. His first attempts were drowned by the hisses, jeers, and scoffs of his audiences. He stammered so much that he could not pronounce some of the letters at all, and his breath would give out before he could get through a sentence. He went to the sea shore and practiced amid the roar of the breakers with small pebbles in his mouth, in order to overcome his stammering, and at the same time accustomed himself to the hisses and tumults of his audience. But he overcame everything, and is considered today the greatest orator of all time.

Lincoln walked 100 miles to take his seat at Vandalia.

Thurlof Weed walked two miles in the snow, with rags for shoes, to borrow a book to read before a sagebrush fire. But we in this age even forget that there is a public library close to us.

Ole Bull said: "If I fail to practice one day, I can see the result! If I skip two days my friends notice it; if I go three days the great public can detect it!"

Expect big things of yourself. Forget your failures.

### MARY'S FAULT.

Mary had a little fault,

Like many Marys do;

She took the fault to school to try

It out while it was new.

But on the way she gathered more—

It was a tragedy

Because her pesky little fault

Was "finding fault," you see!

—ORVILLE JONES.

## RIDDLE ME THIS.

Last year I asked her to be my wife and she gave me a decidedly negative reply, so to even I married her mother. Then my father married the girl.

When I married the girl's mother the girl became my daughter, and my father married my daughter, so he became my son. When my father married my daughter, she became my mother. If my fatehr is my son and my daughter is my mother, who am I?

My mother's mother is my wife and must be my grandmother. So being my grandmother's husband, I must be my own grandfather, and there you are.

## IT IS TIME TO TAKE STOCK

BY FRED W. DAVIS,  
Contributing Editor.

The writer is not a disillusioned citizen. From the beginning he took the stand that wanton destruction of animals and produce was not only wrong but unwise. From the beginning he contended that there was no necessity for the wholesale abridgment of personal liberties and that the psychological effect of general charity would be to destroy individual initiative and pride and teach the recipients to expect sustenance without effort or responsibility. He contended from the beginning that emergency was used as an excuse and would be dropped so soon as the set-up could fasten itself upon the nation's political subdivisions.

In the name of emergency the President sought his extraordinary powers of congress. In doing this he promised that so soon as the emergency passed we would return to normal government. In the campaign for President Governor Roosevelt led the country to believe that steps would be taken to better our social order and relieve those in dire need until the wheels of business could again be going under their own steam. How this would be done was given in the Democratic platform and its candidate's public utterances. Some of the major promises were: Stop going in debt, balance the budget by reducing expenditures at least 25%, curtail bureaucratic government, and stop destroying local government by continuous centralization. The platform denounced the efforts of the Federal Farm Board for spending so much money trying to control the prices of farm products, etc.

Is there anyone so dumb they do not know the administration has pursued a course almost exactly the opposite of the above? States and their subdivisions have been so completely bought with federal money that there is no free political action left. Individual freedom has been almost completely destroyed. The old Federal Farm Board was but a ripple compared to the tidal wave under the present Secretary of Agriculture. Instead of reducing expenditures as promised they have been increased to an amazing degree. Emergency has been dropped as an excuse and the people are informed by the president and all his satellites there will be no turning back. Impatience is shown every time a bewildered, injured citizen offers a protest. Bureaucracy has grown by leaps and bounds and is interfering with private business to such an extent no one dares to plan ahead in any line of work lest as soon as they have made the necessary expenditures restrictions will be placed upon them which will make success impossible.

A check-up on official promises, as compared to performances, show a total disregard for the pledged word of the party and its candidates and for the fundamentals of American liberty. The president, in asking for extraordinary powers to meet an

emergency, did not only promise to hasten a return to normalcy but promised to readily abandon all unworkable experiments. But as stated, the emergency is no longer an excuse and no degree of failure is ever admitted and no efforts to abandon anything except upon compulsion. When the supreme court ruled against his usurpation of power steps were immediately started to get around the ruling. It is also seriously contemplated to deny the supreme court the power to interfere with the unconstitutional acts of the congress and president. Mind you there is no contention that the court made an erroneous ruling. The whole point is they do not wish to be handicapped. Co-equal with the president in destroying the constitutional liberties of the people is the servile con-

gress that rubber-stamped his every demand without question. I personally know of some congressmen who admitted they did not believe certain acts were constitutional or wise but supported them just the same. All such congressmen should be sent to the penitentiary for perjury. To leave them at home next time because they cannot be trusted would be a mild rebuke indeed. So, on the political side of the picture, we have broken promises, greatly curtailed liberties, and staggering debts.

With all the billions spent what about our economic condition? The press reports increases in the importations of agricultural products for the first seven months of this year as follows: Corn 8,460%; wheat 1,650%; oats 4,933%; lard 7,200%; beef and veal 5,095%; hams and bacon

337%. Yet our farmers who expect something for nothing have just voted to curtail corn and hogs. The Bankhead law has destroyed our cotton supremacy. Recently oats have been burned by order of the government in the face of increased importations of practically 5,000%. Our balance of trade is the lowest in forty years. It is estimated that 11,000,000 are still unemployed while advanced prices have more than off-set advanced wages. Our farmers have been hired, bossed and bull-ragged into idleness and destruction of their produce while we furnish a big market for farmers of other lands. It puzzles one to try to understand why our leaders hire and force people to grow less of necessities at home while our importations increase to an amazing degree. No such increases would be possible without an unusual demand. Is any one so dumb that they cannot see the economic folly of suppressing the production of necessities at home and buying them elsewhere? The only wealth we have is created wealth. But we could survive the economic loss if people were again privileged to plan their business courses.

What about the psychological effect the new deal must have upon the people? There are two groups of victims who now feel like they are beneficiaries. First, those who have been paid more for doing nothing than they usually made by working. These people justify themselves by saying it is their first opportunity to have some special privilege and they feel like they are entitled to it. They are willing to be told what to do so long as they get to do less for more money. They do not care who has to pay the bill or what burden it may put upon others. After having been hired to let their land lie idle they vote to force others who preferred to keep their liberty, (even though they did have to do more work for less money), to cut their acreage without pay. The injustice of it seems to mean nothing to them or their bosses. It is the common practice to grant special privileges to those who willingly submit and punish those who do not do so. No equal right to all and special privileges to none. This is the same plan that Russia uses. This way they have government by consent because the victims learn it is not safe to refuse.

The other victims are those who have neither land to sell in idleness nor hogs or cattle to sell for buzzard bait but go once a week and get their allowances. Many of these victims never did try to have anything in their lives and are living better on public charity than they ever did before. Many others are hard working, unfortunate people, who have had real difficulty in keeping above the tide. The shiftless ones readily learn-

(Continued on last page.)

(Continued from first page.)

ed to expect a living without work and the others are being taught to do the same thing. That we are training people to expect success no one who is observant can help but see. I want to give an example of which I have personal knowledge. Two men are neighbors. One lost his home during the depression; the other was not involved and still owns his little home upon which he formerly made a living. The one who lost his home never sought public aid but rented land and continued to work. There was an abundance of fruit and vegetables where these men live. The one who lost his land never sought aid and has surrounded himself with an abundance for the winter. The other one has put up nothing. He is not only expecting to be fed and feels he has it coming to him and tries to persuade his neighbor to do likewise. This true case, with names omitted, fits multiplied thousands throughout the nation.

Recently a friend said to me, "I know it is wrong to do what we are doing, but I believe if something had not been done we would have had a revolution." Something should have been done, of course, but what? What the Democratic party and its candidates promised. There is no other answer. Despite a very one-sided social order, it would have taken a long time to have produced a revolution of magnitude. But having trained people to expect something then stop giving it, as we must some day, and we have the seeds of a revolution already grown up and waiting for harvest. Broken promises, destroyed liberties, staggering debts, organized and enforced idleness, confusion, crippled initiative, and disregard for constitutional government and the official oath of office suggests but one thing—dictatorship—a Mussolini, a Hitler, or a Stalin. And is this what our billions have purchased? It will be, if we don't wake up and assert our manhood.

#### THINGS ONE REMEMBERS.

By R. M. Hofer.

It's easier to make a flowery statement than to answer simple questions. The people of the world are getting pretty sick and tired of statements. They want answers.

This summer I have met many business men in different parts of the country. I have asked questions and tried to get answers. I have talked with waiters in hotel dining rooms, with clerks in grocery stores, with mechanics in garages, with attendants at oil filling stations, with proprietors of small stores and, recently at the cosmopolitan meeting place, the Mark Hopkins hotel in San Francisco, I heard opinions expressed by prominent business men who drift in from all parts of the world.

After the smoke of partisan politics has been blown away, sentiment expressed by thoughtful persons is remarkably uniform on the following three points:

1. There is no sympathy for European war preparations and very definite opposition to this nation participating in another European conflict in any manner.

2. There is general resentment against political attempts to undermine constitutional safeguards of persons and property in the United States.

From all sides come protests against the alarming increase in public debt and tax bills—genuine fear is expressed as to what a "soak the rich" tax program will do to American business and family savings.

It's a healthy sign when political and economic questions are brought so close to the average American that he can see his place in the picture—from the clerk in a grocery store to the head-waiter in a leading hotel and the president of a great

corporation. Their pocketbooks and constitutional rights have all been injured or threatened, from the lowest to the highest.

AN APPRECIATION.

By a Senior.

Mr. J. G. Barry, a graduate of Baylor University and Superintendent of Hondo Public Schools, has done more for our system of schools than any other one person.

Upon his arrival in Hondo, Mr. Barry was appointed principal of the school and elected by the board of trustees to teach Spanish. He was also given the job of football coach, basketball and baseball coach. In all these positions Mr. Barry proved himself to be a capable manager. A few years later he was appointed Superintendent of the Hondo Public Schools and was succeeded as football coach by Mr. C. M. Flory, of Smithville, Texas.

Mr. Barry has been instrumental in raising the school's morale, has been responsible for the beautification of the high school campus, and has been active in the upkeep and progression of the school. Through his efforts, Hondo High School has the best football gridiron in the South, barring none. The bleachers are another example of Mr. Barry's efforts to help build up the school's athletic force.

This year Mr. Barry had two new subjects included in our high school curriculum; namely, Vocational Agriculture, a subject for boys, and Home Economics, a subject for girls.

Mr. Barry is a very good sport and forever ready to help in school activities.

As a student of Hondo High School I wish to take this opportunity to express frankly my appreciation of his work to build up this school and make it one of the best in the state.

P. T. A. SPONSORS' PARENTS' NIGHT.

The annual Parents' Night sponsored by the local P. T. A. will be held Thursday night, November 21, at the High School. A very interesting and entertaining program has been arranged, and it will begin PROMPTLY at 7:30 o'clock.

After the program the remainder of the school building will be opened and each room will have an exhibit of some of its work for the year. Each parent and visitor will be requested to register in the appropriate room, and the room having the most people to register will be awarded a prize.

All parents and visitors are cordially invited.

HOME ECONOMICS CLUB.

Wednesday, November 13, the Home Economics Club met in the auditorium for its semi-monthly meeting.

The program was short but interesting. It consisted of a talk on English Home Life by Wilma Barkuloo, and a violin solo by Velma Carter.

The minutes were read and as there was no old or new business the meeting adjourned.

The committees which have been appointed to make the drapes and folders for the silver can start to work. The material is here and everyone is anxious to get the dining room looking its best.

## AN OLD ROMAN LAW AND ITS PRESENT DAY SIGNIFICANCE

There was an old Roman law relating to bank deposits to the effect that a depositor who left his money only for safety ranked before a depositor who received interest for his money.

Today, in America, each of those depositors is protected against loss in insured banks. Whether or not their funds earn interest makes no difference. All depositors of an insured bank, share in the benefits of Deposit Insurance.

DEPOSITS UP TO \$5,000 IN THIS BANK ARE INSURED BY THE FEDERAL DEPOSIT INSURANCE CORPORATION.

The proper treatment for a bilious child

THREE STEPS TO RELIEVING CONSTIPATION  
I II III  
A cleansing dose today; a smaller quantity tomorrow; less each time, until bowels need no help at all.

ANY mother knows the reason when her child stops playing, eats little, is hard to manage. Constipation. But what a pity so few know the sensible way to set things right!

The ordinary laxatives, of even ordinary strength, destroy all hopes of restoring regularity.

A liquid laxative is the answer, mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need. Just reduce the dose each time, until the bowels are moving of their own accord and need no help.

This treatment will succeed with any child and with any adult.

Doctors use a liquid laxative. Hospitals use the liquid form. If it is best for their use, it is best for home use. The liquid laxative they generally use is Dr. Caldwell's Syrup Pepsin. Any druggist has it.
